

CONTESTS IN DISTRICTS WILL BE WARM

Newbert Protection and Talbert Drainage to Name Directors in February

NEWBERT TO OFFER BONDS FOR SALE

Additional Sum of \$2500 May Be Spent on Work on Channel This Winter

In February there are to be two red-hot elections in the section southwest of Santa Ana. The Newbert Protection District is to elect a full board of five directors, and the Talbert Drainage District is to elect two directors, one director holding over.

Newbert Protection District's election is the first Wednesday in February. The present board is composed of R. H. English, S. E. Talbert, M. F. Doig, Perry Neeley and Sam Giesler. Talbert is the director of the Talbert Drainage District who will hold over. Directors Swift and Farnsworth go out.

Both district boards are to meet on January 5th to make arrangements for the elections.

Newbert Board

The Newbert Board at its meeting yesterday ordered another bond sale, bids to be opened at three o'clock, January fourteenth. All unsold bonds are to be offered. There are two hundred and ninety-two bonds unsold, each for \$370, bearing six per cent.

The board authorized the expenditure of an additional sum, not over \$2,500, in doing river work this winter. Hitherto an expenditure of not over \$3,000 had been authorized. The new work is to consist of dredging the river channel below each of the Pacific Electric bridges crossing the channel. The bills must bear the o. k. of the engineer, H. Clay Kellogg.

A resolution was passed asking the county treasurer to keep separate accounts of the general fund, bond fund and construction fund, of the district.

It was reported that the district had been unable to reach an agreement with Griset in regard to the channel across his land. The contractor working on the channel had entered the land and had done the work. Griset had not come to the district's terms for a right-of-way. Yesterday it was ordered that the district place \$150 in escrow, to be delivered to Griset for a deed to his right-of-way.

Drainage Board

Talbert Drainage District board yesterday admitted to the district thirty acres belonging to S. W. Price, on Price's petition. The land was placed in Division No. 1.

Attorney Keech was authorized to accept \$20 from Blaylock in payment of a claim against him. Blaylock was sued for \$45.

MURDER AS RESULT OF LABOR QUARREL

Domingo Navarre, President of Ship Scalpers Union in San Francisco, Is Killed

SAN FRANCISCO, Dec. 7.—Domingo Navarre, president of the Ship Scalpers' Union, was shot and instantly killed today at the Union Iron Works.

The shooting was reported to be the result of a quarrel over the labor question centering around the proposed ship scalpers' strike.

RAINS CAUSE WORK TO STOP ALL ALONG THE PANAMA CANAL

COLON, Dec. 7.—All work along the Panama canal has been halted temporarily by rains causing the river charges to overflow. The precipitation is unprecedented. The rain is still falling.

To Fraternal Aid Members
The 6:30 supper for Wednesday night is postponed. Election of officers and regular meeting will be held.
D. N. KELLY, President.

FRUIT GROWERS HEARD REPORTS

Convention at Stockton Learned Details of Shipments of Last Year

STOCKTON, Dec. 7.—Robert F. B. McKevitt of Sacramento, on behalf of the California Fruit Distributors, read a report today before the California Fruit Growers Convention in which he called attention to the keen competition between California and other states, and gave details of the shipments of various fruit crops last year.

J. L. Nagle reported for the California Fruit Exchange, giving similar information. Freight rates were discussed by E. D. Stephens of Sacramento.

WOMEN'S VOTE DID NOT ALTER RESULT

ANACORTES, Wash., Dec. 7.—Following yesterday's city election at which women voted for the first time in Washington, it was announced today that after the completion of the canvass of ballots the town went "wet" by a two-to-one vote.

Watchers at the polls reported that many women voted "wet." The ratio was unchanged from the last election on prohibition.

YOUNG TURKS MAY NAB SULTAN'S CASH

Berlin Bank to Pay \$5,000,000 to Abdul Hamid—Believed Money Will Be Seized

BERLIN, Dec. 7.—The Imperial Supreme Court today ordered the Imperial Bank of Berlin to pay Abdul Hamid, the deposed Sultan of Turkey, \$5,000,000 deposited in the bank several years ago.

It is believed the Young Turks have worked some political machinery to procure the order in order to seize the money when it is paid.

PATENTS FOR IMPERIAL LANDS BEING RECEIVED

EL CENTRO, Dec. 7.—Patents to Imperial Valley land are coming from Washington so fast that it is difficult to keep count of them, and it is promised that all pending final proofs will be acted upon and patents issued for a total of about 800 claims by the first of January. All school section cases but two have been disposed of, and final adjustment of land matters in the valley is in sight.

About 3000 land entries of all kinds have been made in Imperial Valley. Deducting the claims disallowed and abandoned, it is estimated that there are about 2500 valid entries.

WHITTIER BEGINS ON NEW SCIENCE HALL

WHITTIER, Dec. 7.—The cornerstone of the new Science Hall of the Whittier High School was laid this afternoon. Elaborate ceremonies marked the cornerstone laying, which was under the direction of the graduating class of 1911.

The new Science Hall is one of a group of three attractive buildings now being constructed as additions to the local high school. It will cost \$31,905, not including equipment, and will be ready for occupancy in about six months.

MERTZ NOMINATED FOR REAR ADMIRAL

WASHINGTON, Dec. 7.—President Taft today nominated Capt. Albert Mertz to be rear admiral.

POPULATION OF THE DAKOTAS
WASHINGTON, Dec. 7.—The population of North Dakota is 577,056 according to the census bureau, an increase of 80.8 per cent, giving one additional congressman under the present plan of apportionment. South Dakota has 538,588 people, an increase of 45 per cent. No new congressman.

LONG BEACH FAVORABLY CONSIDERS ANNEXATION TO ORANGE COUNTY

(Special to the Register)
LONG BEACH, Dec. 7.—The Long Beach Realty Board, at its meeting last night, discussed the proposition of annexing to Orange county in the event of Los Angeles city and county consolidation.

The sentiment was favorable to the proposition; but a decided disposition to go slow was manifested. Every speaker expressed himself as greatly interested in the proposition and desirous of more information on the subject.

RAILROAD IS SUED FOR DAMAGE DONE

E. L. House, Rancher, Says P. E. Bridge and Embankment Put Flood on Him

IS AFTERMATH OF NEW YEAR'S STORM

Declares Land Was Washed and Crops Destroyed by Overflow From River

Because of damage done him by the overflow of the Santa Ana river on Jan. 1, 1910, E. L. House today brought suit for \$6825 damages against the Pacific Electric Railway Co. The complaint alleges that the P. E., by reason of its pile-bridge and trestle beyond Fifth street, was responsible for flooding House's ranch and for the destruction to land, crops and trees.

House's ranch lies east of Sullivan street in Santa Ana Acres. The complaint describes the general character of the country, stating that the Santa Ana river has a well-defined channel to a point a mile southwest of the plaintiff's land, that in years previous to last winter the storm waters spread out and did not harm the plaintiff's land, that land between the House ranch and river channel is lower than the ranch.

In 1906 the P. E. built its bridge with rows of four piles fifteen feet apart, while the tracks from the east are on an embankment four to six feet high. The complaint asserts that the P. E. was informed at the time of building that the bridge should be made in such manner that flood brush would pass freely beneath it.

In December last and on Jan. 1, there came a flood that brought down brush. This brush lodged against the bridge and turned the current out of the banks. The embankment caused the water to be carried to a point northeast of House's land, from which point the flood passed across the lands.

According to the complaint, great gullies were washed in the land, fertile soil was washed away in places, and in other places growing crops were covered with silt. The damage done is summed up thus: Ten acres of celery, worth \$300 an acre; five acres of alfalfa, worth \$100 an acre; trees destroyed, \$250; vegetables destroyed, \$75; berry vines destroyed, \$250; damage to land, \$3000; total, \$6825. Scarborough & Forgy are attorneys for the plaintiff.

At the time of the flood there was talk of damage suits against the P. E., but this is the first one filed.

SUSPECTS COUGHT HELD FOR POLICE

Two Men Arrested at San Diego May Have Burglarized Book Store

Two men, giving the names Harry Bancroft and Henry C. Sanders, have been arrested in San Diego suspected of being the men who burglarized P. I. Bird's Book Store at Orange. About three dozen fountain pens were stolen from the store. When arrested Bancroft and Sanders had several fountain pens in their pockets. They are said to be young and well dressed. A warrant for their arrest was issued today by Justice Smithwick and turned over to City Marshal Jernigan of Orange.

After a Musican
Detective O'Rourke and Constable Noonan of Long Beach were today looking for J. B. Sterling, a musician, wanted at Long Beach for jumping a board bill. About all they knew of Sterling's whereabouts was that he was here during the Carnival of Products.

TO MOVE AGAINST THE STEEL TRUST

Government to Sue Towing Co. Said to Be Connected With Steel Octopus

CLEVELAND, Dec. 7.—What purports to be the first attempt to break up the steel trust is to be started tomorrow when the government files a suit against the Great Lakes Towing Company, according to semi-official statements by E. P. Chamberlain, special counsel for the government.

Chamberlain asserted that the government agents have secured sufficient evidence on which to base a dissolution suit. The steel trust, he alleges, is directly connected with the towing company.

NO JURY SECURED IN DR. BURKE DYNAMITING CASE

SANTA ROSA, Dec. 7.—Attempts to secure a jury to try Dr. Willard P. Burke, proprietor of the Santa Rosa Sanitarium, charged with dynamiting a tent occupied by Lou Etta Smith and her infant son, met with poor success when the hearing was reopened today.

Miss Smith has not appeared in court. She is staying at home and a police officer has her under surveillance.

COUNTY READY FOR PAVEMENT

Supervisors Authorize Contract—Pumping Machinery Is Sold for \$65

The Board of Supervisors this morning authorized Chairman Angle to sign a contract with the Fairchild-Gilmore Wilton Co. for paving the county's portion of Church street.

Walter Helwig's bid of \$65 for the pumping plant at West Orange was the only bid received, and was accepted.

The sum of \$150 was ordered set apart for the Society for the Prevention of Cruelty to Animals.

On the request of H. C. Head of the advertising committee of the Associated Chambers, D. W. McDannald, county representative at the Los Angeles Chamber of Commerce, was allowed \$75 for printing county pamphlets.

Auditor Lester was allowed not in excess of \$40 for his expenses to the state convention of auditors.

Supervisor Smith's motion to install a fire alarm system at the Detention Home was lost for want of a second.

Supervisor T. B. Talbert was granted a thirty-day leave of absence from the state. He is going to Puerto, Mex., 150 miles below Mexico City, in company with W. T. Collins of Los Angeles.

A deed for a road in Trabuco district was received from Jerome O'Neil, and an old road is to be abandoned when the new road is completed.

The petition of J. A. Smiley to remove roadside trees was granted, provided ornamental trees be planted in the place of the trees removed.

Maps of the Ontario Investment Co. tract and the Orange Grove Acres tract in the north end of the county were accepted.

The hearing of the report of the viewers of the F. E. Flory road was set for Jan. 4.

The board adjourned to Dec. 20.

NEW LINE FROM POMONA TO UPLAND NEARLY DONE

LOS ANGELES, Dec. 7.—The new Ontario and San Antonio Heights Electric Railroad, which will be completed and ready for operation on January 1, is now undergoing the last stages of construction and the work is being rushed. This line, which connects with the P. E. Pomona city lines, runs from Pomona east to North Pomona, passes through Claremont to Upland, a distance of seven miles.

MUNICIPAL THEATER PLAN

MODESTO, Dec. 7.—This city is to have a municipal theater if the authorities carry out announced intentions. A number of civic bodies have endorsed the proposition.

Government Timber Land
—Miss Lanphere of Long Beach who has successfully located many people on government timber land will be in Orange on Wednesday, Thursday and Friday this week. Any one interested will do well to see her at our office on these dates, day or evening.

—Millinery Sale of Hats at less than cost. Gilbert's Dry Goods Store.

BALLINGER'S CHARACTER IS UP TO PAR

So Says Majority Report Sent to Congress Today by the Probe Committee

TWO MINORITY REPORTS FILED—FIGHT EXPECTED

Majority Report Declares That Charges Were Actuated by Animosity

WASHINGTON, Dec. 7.—Absolute exonerating Secretary of the Interior Ballinger from the charges that resulted in a congressional investigation, the majority report of the Pinchot-Ballinger investigating committee, was presented to congress at noon today. The findings were summed up as follows:

That Secretary Ballinger is not an enemy of, nor hostile to, the judicial policy of conservation, and that no ground whatever has been shown justifying the position that he is an unfaithful and inefficient public officer.

The summary says in part:

"The evidence presented related mainly to the charges against Ballinger and only incidentally to the conduct of the other officials mentioned. The charges were chiefly from two sources, Louis R. Glavis and Gifford Pinchot and apparently originated from strong animosity resulting from supposed differences over the conservation policy. The accusers naturally had this deeply at heart and were evidently disposed to take the most unfavorable view of the character and motives of those opposing. They thus regarded Ballinger with suspicion and regarded his most innocent acts as evidences of a sinister purpose."

For weeks we listened to the squabbles and jealousies of the subordinates of the interior department and the forestry service, who even got private information from Secretary Ballinger's private stenographer. On the evidence the accusers wholly failed to make out a case. Neither any factor nor facts proved able to show that Secretary Ballinger was anything but a competent, honorable gentleman, honestly and faithfully performing the duties of his office with an eye singly to the public interests."

The report was signed by Senators Nelson of Minnesota, Flint of California, Sutherland of Utah, Root of New York; Representatives McCall of Massachusetts, Olmstead of Pennsylvania, Denby of Michigan. Senator Nelson filed the report in the senate.

Two minority reports were presented, one signed by four Democrats and one Republican, the other by Representative Madison of Kansas.

It was learned today that a row occurred in the committee when Nelson submitted the report. Fletcher of Florida took exception, saying the report published in Minneapolis was the report and the only legal expression the committee could make. "Nelson overruled Fletcher, and the Florida motion was lost by a vote of 5 to 7."

Madison's report is similar to the Minneapolis report and condemns Ballinger. A bitter fight is expected over each report when it comes on the floor for discussion.

A LIGHT SENTENCE FOR LORETO GARCIA

Having Children Depending on Him, Accused Man Got Off Easy

Loreto Garcia was today tried and found guilty of battery. He was accused of beating his wife. He told the judge that he was drunk, and probably did beat the woman. Garcia has five little children and the woman depending upon him for a living. That was the reason he got a light sentence, fifteen days.

"If you are arrested for any such thing again, you will probably get six months," said Justice Smithwick.

—My new office is with J. N. Trickey & Co., corner Fourth and Broadway. Either phone 68. C. R. Trickey.

ATTACK MADE ON ITALIAN CONSUL

Enemies Dynamited Garage of Seattle Home of Consul A. J. Ghileone

SEATTLE, Dec. 7.—A garage at the home of Dr. A. J. Ghileone, the Italian consul, was dynamited early today. The windows of the Ghileone home were shattered. None was injured.

Ghileone recently waged a war against the alleged oppressors of Italian laborers in construction camps. He believes this is responsible for the outrage.

Detectives are searching for the dynamiters, and plain clothes men are guarding the consul and his family.

STATUE OF VON STEUBEN UNVEILED IN WASHINGTON

WASHINGTON, Dec. 7.—The statue of Baron Frederick von Steuben was unveiled today in Lafayette Square by Helen Taft. Congressman Barthold of Missouri delivered the principal address. President Taft, with the German ambassador von Bernstorff and other diplomats were present.

NIPPON ADMIRAL DENIES ANY SNUB

Laughs at Report of Pasadena Belles' Refusal to Dance With Officers

Pasadena Citizens Disclaim Any Social Indignities Towards Japanese

SAN PEDRO, Dec. 7.—Admiral Yoshiro laughed heartily when told of the report that invitations had been sent him and his officers for a dance at Pasadena, then withdrawn because the society women of the city refused to attend and dance with them.

Another report that Pasadena ignored invitations to a ball aboard the cruiser Asama also caused a smile.

"We sent thirty invitations to Pasadena, thirty to Long Beach and many to Los Angeles for a visit to the ship that day. There was no dance. Three hundred came, including many Pasadenaans."

"A big mistake has been made. We leave Southern California today with the best of feeling and have for the people nothing but the utmost cordiality. We thank them for their hospitality. Nothing has occurred to mar the pleasure of our visit."

Pasadenans Explain
PASADENA, Dec. 7.—Th persons who planned a ball for the visiting Japanese Admiral Yoshiro and his staff, vehemently denied the report that the dance had been called off because the society women refused to dance with the Japanese. They claim many society women promised to attend, but Admiral Yoshiro declined the invitations because he had accepted previously an invitation to a reception in Los Angeles on that day.

A communication signed by Mayor Barry, the president of the Pasadena Board of Trade, and Manager D. M. Linnard of the Hotel Maryland, explaining the facts concerning the report that alleged indignities had been offered by the visiting Japanese officers at the hands of Pasadenaans, was dispatched this afternoon to various press associations and newspapers.

The communication asserts that the citizens of Pasadena hold the utmost cordial feelings towards the Japanese officers and expressed regret over the report. The explanation, with a copy of the communication, will be sent to Admiral Yoshiro.

THORNTON SUCCEEDS McENERY

BATON ROUGE, La., Dec. 7.—Judge W. R. Thornton of Alexandria, La., was yesterday elected U. S. Senator by the general assembly to succeed the late Senator Samuel D. McEnery.

Fair tonight and Thursday. Light northeast wind.

MENTION BALCOM AS A CANDIDATE

B. G. Balcom, president of the First National Bank of Fullerton, resident of Santa Ana, has been talked of as another candidate for the appointment of county assessor. With the Board of Supervisors meeting yesterday and today there has been a good deal of "interviewing" in regard to the candidacy of different men for assessor and for county physician.

CONGRESS CAN BE FITTED TO CURB TRUSTS

Sterling of Illinois Would Amend Constitution to Increase Federal Power

INSURGENTS SCANNING SUPREME BENCH NAMES

Taft Yields List—Believed He Wishes to Conciliate All Factions

WASHINGTON, Dec. 7.—Representative John A. Sterling of Illinois today introduced in the house a resolution providing for the submission of a constitutional amendment giving congress the power to suppress trusts. The resolution states:

"The congress should have power to prevent and suppress monopolies throughout the country through appropriate legislation."

Sterling is the ranking member of the house judiciary committee. By the enactment he would have congress regulate not only interstate traffic, but traffic within single states.

"It has grown necessary to have congress to control all traffic. State authorities are not harmonious. Laws are very different in states, resulting in the continued existence of evil corporations. The only check is through the Federal government."

INSURGENTS WANT TO KNOW WHO'S WHO

WASHINGTON, Dec. 7.—A conference between the insurgent leaders of the House and Senate, over the prospective Supreme Bench appointments, is expected today.

Senator Cummins called at the White House for the second time since the opening of congress. He secured a list of the men President Taft is considering.

The politicians here regard as significant President Taft's evident attempt to conciliate all factions in the Republican party by submitting the names of possible supreme bench appointees to the insurgent leaders. Evidently he wishes to avoid a clash over the appointments in the senate.

It is admitted the insurgents will exercise much influence in the coming appointments. Interest in them is increasing daily as the result of the increased political significance being attached to them.

SULZER WOULD REDUCE THE TARIFF ON MEAT AND CATTLE

WASHINGTON, Dec. 7.—The first attempt to bring about a change in the Payne tariff law occurred today when Representative Sulzer of New York introduced a bill containing a proposition for the reduction of the tariff on meat and cattle. It is intimated that he has insurgent and Democratic backing for his bill.

CONFER ON RIVERS AND HARBORS TOPIC

3500 Meet in Capital to Plan System for Appropriations For Improvements

WASHINGTON, Dec. 7.—The seventh annual meeting of the Rivers and Harbors Congress opened today with thirty-five hundred delegates present. The principal object of the congress is to secure a regular system for appropriations carrying on important government work on the leading harbors and rivers. During the morning session the delegates were addressed by President Taft and the Mexican ambassador, F. L. de la Barra.

TO ELECTRIZE THE LOCAL LOOP

Plans of Southern Pacific Look to Trolley Upon Many of Its Steam Roads

TRANSFORMATION AT EARLY DATE

Looks As Though Tustin and Los Alamitos Circle About to be Accomplished

Los Angeles Times: Plans are about completed for unifying under one management all the interurban lines formerly operated by the Pacific Electric, the Los Angeles Pacific, the Los Angeles & Redondo, and other lines recently acquired by the Southern Pacific.

The plan not only involves the merger of the trolley lines, but it is also intended to divorce the Southern Pacific steam lines adjacent to Los Angeles from the main-line management, electrize them and place them under the management of one company, to have control of both steam and trolley lines, under the name of the Pacific Electric.

The transforming of the steam lines to trolley lines is to be undertaken at once, and the result will be a harmonious system under one head, including all of the interurban lines and the steam lines within a radius of from seventy-five miles to one hundred and seventy miles of the city.

Another part of the system planned to undergo similar transformation at an early date, includes the line from Los Angeles to San Pedro and Long Beach, together with the system of tracks terminating in a double loop taking in West Anaheim, Anaheim, Tustin, Santa Ana, Newport Beach and Los Alamitos. The steam line projected to Santa Monica and built to Palms is also to be electrified, affording a new outlet for trolley lines of the Arcade Station. The electrifying of these steam

LEGAL NOTICES

NOTICE OF PUBLIC WORK.
Notice is hereby given that on Monday, the 17th day of October, 1910, the Board of Trustees of the City of Santa Ana, California, did at its regular meeting on said day pass a Resolution No. 516 dated October 17th, 1910, declaring its intention to order the following public work done, to-wit:

That the public interest and convenience of the City of Santa Ana requires and that it is the intention of the Board of Trustees of said City to order the following public work done to-wit: That West Washington Avenue in said City as now laid out, be opened and extended Westward from the West line of North Baker Street to the West line of a tract of land now owned by F. A. Marks and M. J. Marks, and that the same be opened and extended through over and along the various tracts of public and private property over which the land belongs necessary to have taken passes as and for a public street, and that all of the said land deemed necessary to be taken be taken, condemned and acquired as and for a public street. That the private land deemed necessary by this Board to be taken, condemned and acquired for the opening and extension of said West Washington Avenue (except land in North Bristol Street) is situated in the City of Santa Ana, Orange County, California, and bounded and particularly described as follows, to-wit:

1. Commencing at a point on the West line of Section 12, T. 5, S., R. 10, W. S. B. M. 1534.3 feet South 00 degrees, 40 minutes W. of the N. W. corner of said Section 12, and running thence N. 89 degrees, 54 minutes E. 68.2 feet more or less to the center line of North Baker Street; thence South 00 degrees, 41 minutes W. along said center line 50 feet; thence South 84 degrees, 54 minutes W. 68.3 feet more or less to the West line of said Section 12; thence North 00 degrees, 40 minutes E. along said West line 50 feet to the point of beginning; also

2. Commencing at a point on the East line of Section 11, T. 5, S., R. 10, W. S. B. M. 1527.05 feet S. 00 degrees, 40 minutes W. to the N. E. corner of said Section 11, and running thence S. 00 degrees, 40 minutes W. along said East line 50 feet; thence South 08 degrees, 55 minutes W. 84 feet more or less, to the West line of said Section 11; thence North 00 degrees, 40 minutes E. along said West line 50 feet; thence North 89 degrees, 55 minutes East 84 feet more or less, to the point of beginning.

That the exterior boundaries of the district of lands to be affected and benefited by the opening and extension of said West Washington Avenue Westward from the West line of North Bristol Street to the West line of land owned by F. A. Marks and M. J. Marks and to be assessed to pay damages, costs and expenses thereof are as follows: Commencing at the intersection of the center line of West Washington Avenue and North Flower Street and running thence South along the center line of North Flower Street 381.56 feet, more or less, to the South line of land now owned by J. A. Num; thence West along said South line and its extension 114.46 feet, more or less, to the West line of land now owned by E. A. Clardy; thence South along said West line and its extension 626.48 feet, more or less, to a point 128.7 feet North of the South line of land now owned by H. F. Towner; thence West along a line 128.7 feet North of said South line 726 feet, more or less, to the center line of North Baker Street; thence South along said center line 232 feet, more or less, to the South line of Louie's Sub-division of a portion of Hedge's Addition to Santa Ana, as per map recorded in Book 1, Page 62, Miscellaneous Maps, Records of Orange County, California; thence West along said South line 618 feet, more or less, to the center line of North Bristol Street; thence N. along said center line 134.92 feet, more or less, to the S. line of land owned by E. M. Hawley; thence West along said South line 662.62 feet, more or less, to the East line of land now owned by S. V. Poston; thence North along said East line 504.5 feet, more or less, to the North line of land now owned by said S. V. Poston; thence West along said North line and its extension 305 feet, more or less, to a point 400 feet West of the line of land now owned by H. H. English; thence North along a line 400 feet West of and parallel to said East line and its extension 1267.2 feet, more or less, to a point 33.5 feet North of the extended center line of West Washington Avenue; thence East along a line 433.6 feet North of and parallel to the said center line 2872 feet, more or less, to the East line of land now owned by C. Bisher; thence North along said East line and its extension 626.4 feet, more or less, to the point 200 feet South of the extended center line of West Seventeenth Street; thence East along a line 200 feet South of and parallel to the said center line and its extension 1776.55 feet, more or less, to the center line of North Baker Street; thence South along said center line 417.43 feet, more or less, to the North line of land now owned by H. W. Ross; thence East along said North line 159 feet, more or less, to the East line of land now owned by said H. W. Ross; thence South along said East line and its extension 588.94 feet, more or less, to a point 381.56 feet North of the center line of West Washington Avenue; thence East along a line 381.56 feet North of and parallel to said center line of North Baker Street 381.56 feet to the point of beginning, excepting from said streets, alleys and city property exempt from assessment by law.

That the Superintendent of Streets shall and he is hereby instructed to give notice of the passage of this Resolution of Intention of the proposed opening and extension of said West Washington Avenue Westward from the West line of North Bristol Street to the West line of a tract of land owned by F. A. Marks and M. J. Marks by posting conspicuously along the line of said contemplated work or improvement at not more than 300 feet in distance apart and not less than three in all notices of the passage of said Resolution. Said Notice shall be headed "Notice of Public Work" in letters not less than one inch in length, shall be in legible characters, shall state facts of the passage of the Resolution, its date and thirty days before the improvement proposed and refer to the Resolution for further particulars. He shall also cause a notice similar in substance to be published for a period of ten days in the "Santa Ana Daily Register," a newspaper published and generally circulated in said City, daily, except on Sunday, and hereby designated by said Board of Trustees as the newspaper in which said Notice shall be published.

Written objections to said proposed public work, if any, will be received by the City Clerk within ten days after the last publication of this notice. Reference is hereby made to Resolution No. 516 of the City of Santa Ana for further particulars.

C. R. WARD,
Superintendent of Streets of the City of Santa Ana, California,
City Hall, Santa Ana, California, December 7, 1910.

NOTICE OF STREET WORK.
NOTICE IS HEREBY GIVEN, That the Board of Trustees of the City of Santa Ana, on the 17th day of October, 1910, did pass, approve and adopt a Resolution No. 517 of the City of Santa Ana, declaring its intention to improve a portion of West Fourth Street in said City requiring the re-paving by resurfacing with a two inch asphaltic wearing surface of the roadway of said West

DIRECTORY FREE

The Rowley Drug Co. and J. H. Padgham & Son, jewelers, have purchased 2000 directories of Santa Ana, the latest edition, and will present them to the residents for use in the home. This directory is more complete than any other. It contains 1344 more names than any other directory of Santa Ana. It has a complete street and avenue guide, also a householders' guide which gives the number of every building in the city and the occupant. There is no directory in the state that will compare with it in any way favorable. You can have it by calling at either of the stores of the Rowley Drug Co. or J. H. Padgham & Son and leave your name and address. Do not delay but act promptly.

ASSEMBLYMEN MAY BE CALLED UPON TO DEAL WITH MATTER OF PARTICULAR INTEREST HERE

Raise of Maximum for Farmers Insurance Policy Contemplated—Waste Artesian Water and Road Shooting Acts Considered

The Orange County Farmers Mutual Insurance Co. may ask Assemblyman Clyde Bishop to put through the legislature an amendment to the act under which the insurance company operates, whereby the maximum amount that may be written in one policy shall be raised from \$4500 to \$6500.

The insurance company has been the greatest kind of a success in this county. The amount of insurance written on farm buildings runs into the seven figures. The loss by fire is divided pro rata, and consequently the farmers are getting a low rate. The fires so far have all been small. The company, however, has found that the low maximum policy is somewhat of a handicap.

"I certainly believe that the Farmers Mutual Insurance Co. ought to be given the privilege of writing policies as high as \$6500, which is the amount they ask that the maximum be raised to," said Assemblyman Bishop.

Artesian Flow Law
Bishop may be asked to make a fight for the amendment of the law regulating the waste of water from artesian wells. There is a law that looks like a regulation but it contains clauses that nullify most of the

needed regulations. For instance, many people in this county believe that the constant flow of wells into duck ponds in the west country is a drain upon the underground waters that should be stopped. But the present law excepts the artesian wells allowed to flow in the furtherance of the propagation of game.

This is a matter that has been talked over at many times and at considerable length by owners of pumping plants in this county.

Road Shooting Law
Another matter that will be of interest to many people in this county may come before the legislature. There seems to be no question but what some of the gun clubs hope to have the legislature put through a bill making shooting upon public highways a misdemeanor. Nearly everyone knows of the conditions in the ducklands. The clubs have their preserves. Outside hunters use the roads and unposted pastures. Those not members of clubs have but little hunting left except that which they pick up on the roads. On some of the roads between clubs on shooting days a large number of hunters gather and gather in the birds scared from the clubs.

There has been quite a little feeling

The Integrity of a Bank

is of more importance than that of any other business.

When you entrust your money for safe keeping to a banking house you should know something of its history and the character of its officers and directors.

This bank, established in 1886, welcomes all investigation, and invites business on the grounds of convenient location, conservative management, and the strength derived from large capital and a quarter of a century of experience.

The First National Bank
and
Santa Ana Savings Bank
under one management.

DIPLOMA

**Blanche Walsh at Grand
Friday Evening, Dec. 9th**

A powerfully vivid presentation of the suffering which may be expected to fall to the lot of a woman who comes between husband and wife is given in "The Other Woman," which will be at the Grand Friday night. Miss Blanche Walsh, in the leading role—the woman upon whom the husband has bestowed the affections which the wife has lost—has a part which taxes her emotional and dramatic powers to the utmost, but which

she has been interpreting this season with all the art that brought her the fame she now enjoys. The play is the work of Frederic Arnold Kummer, and in calling it a masterpiece of its kind, critics for once agreed. The cast is a small one, carefully selected, and the audience has the somewhat novel enjoyment of seeing the players on the stage for long periods at a time. Capacity houses have marked the performances elsewhere since the opening.

HAVE YOU PILES?

THE SURE FOUNDATION

So many questionable acts and methods have been charged up to the new state of Oklahoma since its institution that we are more than ordinarily glad to welcome anything from that source that can be generally endorsed. In these days of crusade against obsolete court rulings and methods, and of demand for the use of the same common sense as is used in the transaction of the other business of the nation, the following pronouncement from the Supreme court of that state will be accepted as the pure gospel of the modern law:

"Now that our criminal jurisprudence is in its formative period, we are determined to do all in our power to place it upon a broad and sure foundation of reason and justice, so that the innocent may find it to be a refuge of defense and protection and that the guilty may be convicted and taught that it is an exceedingly serious and dangerous thing to violate the laws of the state, whether they be rich and influential or poor and friendless. If we place our criminal jurisprudence upon a technical basis it will become the luxury of the rich, who can always hire able and skillful lawyers to invoke technicalities in their behalf. We confess to a want of respect for precedents which were found in the rubbish heap of Noah's Ark, and which have outlived their usefulness, if they ever had any."

This doctrine will find ready adoption by all who believe the only real function of a court is to protect the innocent and punish the guilty. For years there has been a growing feeling throughout the nation founded very largely upon the blind slavery on the part of judges to bewildering technicalities and musty precedent, that the law had come to be the exclusive "luxury of the rich." This feeling has grown into a widespread demand for reform, the coming of which can hardly fail to be hastened by such fearless statements as this from the Supreme court of a sovereign state.

HIGH SCHOOLS POPULAR

It is encouraging to note the wonderful accession of late to the interest taken by the papers of the state in the high schools. There can be no question but much of this comes from the breaking of the old bonds and the taking up of the new thought of practical education. Wherever this has been done the schools have come to mean something to their respective communities more than a classical abstraction, and the papers naturally reflect the new interest. The following from the Redlands Facts, always the warm friend of the schools and quick to catch anything for their betterment, will show how the situation is viewed in that city:

"Large classes of young people are entering these schools, not only those who are aspiring to college and the learned professions, but those who must soon drop out to fill the ranks in shop and farm and mine and mill. The high school must be shaped for all its people, not for the intellectual section of them alone. It must be made attractive and desirable for the common people, taking them all in, and helping them to live happier and more useful lives. Its ideal must not be too coldly scholastic, freezing out or driving away all those whose brains do not meet some conventional standard. To be honest, it must spend as much time and effort and money teaching the ditch digger how to live as it does the doctor, or teacher or engineer. The high school must be human, must be helpful, attractive, cheerful, warmhearted; must admit and enter into the life of its surrounding people; must show its reason for being in helping those people to live in the future."

WIPING OUT TYPHOID

In a recent bulletin published by the State Board of Health there was an account of one of the best investments this state has ever made, \$4,100,000 for sewers and better water. It is expected that the most direct benefit from this will be in the suppression of typhoid fever cases, but this of itself will be ample warrant for the expenditure several times

over. This work has been progressing for some time and it has already resulted in reducing the annual number of deaths because of this disease from 600 to 400.

It is, of course, impossible to place this tremendous saving in the terms of dollars and cents, but it forms the great incentive for keeping up the work until this deadly disease is practically unknown in California. At the same time the money saving is well worth the making, the difference in the actual expense of caring for the cases, such as doctors' bills, nurses, etc., under present conditions as against the old, being about half a million dollars.

The different communities of the state are so well pleased with the showing already made that they have pledged nearly \$2,000,000 for new sewer and water systems, and the extension of the old during the coming year.

STATE'S RIGHTS

A short time since one of the more prominent of the Eastern political writers announced the realignment of the two great parties into liberals and conservatives. According to his ideas the Democrats were to take the latter role and were to go before the people on an old-time platform of the strict construction of the constitution and state's rights. Woodrow Wilson was to be the candidate on this platform and his speech before the assembled governors at Frankfort, Ky., Tuesday, was so directly in line with this program as to be almost a confirmation. It will be noted that the central thought of this address was the inviolable rights of the different states, and it was returned to repeatedly and with an emphasis which left no possible doubt as to the meaning of the speaker. Neither could there be any doubt as to the conservatism governing every sentiment, expressed or implied, making it a very fitting opening for such a campaign as the writer in question outlined. It may have been a mere coincidence but a few more of the same sort will be accepted as at least a partial verification of the prophecy.

The Treasury Department has gone to a lot of unnecessary trouble and expense in notifying the people that they need have no fear of microbes in handling soiled paper money. The only chance most of us are afraid to take in this connection is of not being able to get hold of it at all.

Redlands capitalists are planning a drive through one of the most beautiful sections of the mountains back of that city. It will undoubtedly prove to be very popular with auto driving tourists and will prove a valuable addition to the attractions of Southern California.

At Olympia, Wash., on Thanksgiving Day two men ate thirteen pounds of pork and have been in the hospital ever since. The proper place for them would seem to be in the pickling vat.

Dick Croker says Bourke Cockran, he of the silver tongue, is a hoodoo, and the worst of it is the figures seem to bear him out.

Time may be money, but the average man would rather give you two hours' talk than lend you a quarter.

W. A. HUFF

Our Washington Letter

WASHINGTON, Dec. 7.—American employers need not be surprised to receive lusty expense accounts from traveling salesmen sent into Brazil, says Commercial Agent Turner in a report to the government. In Pernambuco, a city of 150,000 population, he asked an American salesman traveling with three trunks, having a total weight of not over 500 pounds, as to his expenses. This was the result:

"It cost \$9 to bring the trunks from the steamer to the shore and \$1.80 to haul them to an empty room for exhibit. This storeroom was up one flight of stairs, over a shop. The salesman hired a man for 36 cents to sweep down the stairs and make them presentable. He had to buy 6 boards at 36 cents each for his benches on which to spread his goods. He employed a carpenter to make him four sample horses on which to lay his tables. The cost of the lumber and horses was \$3.60. A man charged 36 cents for carrying the outfit to the hired room. The salesman then bought 36 cents worth of wrapping paper to cover his benches and proceeded to unpack his wares for inspection. He had to pay a month's rent for the room, although he expected to be there only two weeks. The room rented for \$18 a month. It cost that salesman \$33 before he had shown his goods to a person.

"Another salesman from Europe told me it always cost him twice what I had enumerated to get started because he had eight trunks of European goods and he required a larger room.

"The steamships do not land their passengers, who must get ashore the best way they can. Each passenger is compelled to hire a rowboat, usually after considerable dicker. The boatman lowers the baggage over the ship's side into his boat. The passenger descends a long flight of stairs and upon reaching the bottom, takes his chances when the stairway and small boat meet and steps aboard. The journey to shore is accomplished and the baggage deposited on land, when the boatman's fees are payable. The dicker with the land man to haul the luggage to destination then begins. This, when arranged, ends in having the lot deposited in a room, always a cost entirely out of proportion to the value of the service."

The education of children in rural districts in accordance with the "back to the farm movement" is to be encouraged by the Department of Agriculture henceforth.

Secretary Wilson proposes to undertake a campaign through the Farmers' Institutes. Prizes, such as a well bred calf, a trio of chickens, a medal, or a trip to the county fair are to be offered to winners of such contests as milking a cow, grooming a horse, shocking hay, cooking, baking, sheep shearing, corn husking—anything that appertains to life on the farm. The Department, in a special bulletin setting forth plans, says that out of every 500 young people in the country districts in the United States, only one ever enters an agricultural college. Of every one hundred rural and urban children only five ever reach the high school. Ninety-four out of every one hundred therefore finish their education with the district school. Inasmuch as these ninety-four children include those in cities and towns as well as those in the country districts, and since city and town children continue longer in school than do those of the country, it is safe to say that fully 97 out of every 100 rural boys and girls finish their education with the district school. The Department suggests methods of directing courses of study and arranging and judging contests.

A report by Dr. Reid Hunt, of the United States Public Health and Marine Hospital Service, on the international conference for the study of cancer, held recently in Paris, has just been made public, in which he says in part:

"The president of the conference,

Professor Czerny, stated that recent statistics show that cancer is increasing and that in some countries it ranks second in the causes of death in adults.

"Some striking figures were presented as to the extent of cancer, the mortality from this disease being in some places almost as high as that from tuberculosis. It was pointed out that there is a higher death rate from cancer among women in the United States, as compared with men, than in any other country. The death rate from cancer of the stomach was stated to be especially high in the United States.

"Nearly all the speakers agreed that the nonsurgical forms of treatment have but a limited field of usefulness.

"No evidence was presented that the cancers of lower animals are ever transmitted to man, but it was generally recognized that in many, although by no means all, of the tumors of the lower animals similar pathological processes occur as in man."

The innocent roof gutter of the States, where the sparrows chirp and spring rain drips with musical cadence, is a thing of horror and a menace to human life down on the Isthmus of Panama, where the canal is being dug.

In newly constructed houses the roof gutter is eliminated entirely and a decree has just been issued by the governor of Panama empowering the health officers to tear down defective gutters if the owners of houses don't take the initiative and do it themselves.

Defective gutters are those in

which pools of water collect, in which mosquitoes—the yellow fever standard bearers of tropical climates—may hatch and begin their lives so full of deadly evil.

A few years ago a roof gutter was looked upon as entirely harmless in the Isthmus of Panama. There were so many pools and swamps and quagmires that the mosquito had most of the world to choose from as an abiding place. But the sanitary sharks narrowed that domain down amazingly once they got to work. The swamps were drained or coated with oil. The pools were dried up and the quagmire put out of business. Now it is hard for the poor insect to find a home except in some antiquated roof gutter where the water gathers in small pools in which they may find refuge to build a modest domicile and hatch their young.

The inspectors say that roof gutters are bad anywhere, and it is quite possible that they may come under the ban in the United States as soon as the common people—that is, everybody but the doctors—realize that they may be harboring the deadliest kind of malaria at the sill of the gable window.

BABBITT SELLS HIS 10-ACRE APRICOT RANCH AT ORANGE

L. B. Babbitt has sold his ten-acre orange and apricot ranch east of Orange to H. G. Carter and C. Rebecca Wilkinson, consideration \$8500. The sale was made through the agency of T. P. Marsh.

The Best Christmas Present ::::

Is something useful. A bicycle, for instance. We sell the Appeal, Dayton, Angelus. The nicest line of children's wheels in the city at prices ranging from \$15 to \$25. Be sure and see these.

We can sell you a magnificent new wheel for from \$25 to \$37.50 Ladies Wheels from \$25 to \$35 Everything in the line of bicycle fittings. We can and will save you money on your repair bill.

GEO. C. POST'S BICYCLE STORE

306 West 4th St. Santa Ana

THE KANSAS TIN SHOP

Has nothing new to offer the Christmas buyers, but we have lots of things that will do more good than all the "Jimkraks" that are usually bought on such occasions. A Pocket Knife for the boy (or the old man) and a pair of scissors for the girl or her mother will probably be more acceptable than any other thing.

Then to help out on the high cost of living (or the cost of living high) there is nothing better than a Meat Chopper, and it saves lots of chin work.

A wheelbarrow would not be out of order at any time, and for a Christmas present it might be somewhat of a surprise.

There are many other things that we would like to sell about this time (or at any other time), and then we would buy more and keep the stock complete.

We have a large stock of Granite Iron Ware and a very good enamel that is white inside and blue outside.

**BABIZE STUDIO OF
MUSIC AND ART**

—What shall I get for a Christmas present that will not only be a pleasure to the recipient, but of lasting benefit as well? Among the many things shown in the shop windows of Santa Ana none could be better or more appropriate than a Violin, Mandolin or Guitar. We have them and good ones, too. Let us show you our beautiful toned string instruments. Possibly a term of lessons, a nice music roll or a fine collection of music for your favorite instrument would be just what you want. Come early and get your pick of the lot. Don't forget we carry as fine a line of music as you will find anywhere outside of Los Angeles. Let us supply your musical wants.

The Studio of Music and Art, 415 North Main street.

Society**Additional Officers**

Other officers than those given yesterday in The Register, as installed to serve Hermosa Chapter for the coming year, are Mrs. Fannie Reeves, chaplain; Mrs. Jennie Thomas, warden; and Mrs. Emma Benedict, sentinel. Mrs. Benedict has served for many years in the office she will again fill this year.

The So So Club.

This club was entertained yesterday by Mrs. G. N. Greer at her home on Third street. The home was prettily decorated with Maman Cochet roses, smilax and ferns. The ladies had with them their fancy work for Christmas and over this they had a pleasant chat.

Delicious refreshments were served by the hostess at the conclusion of the pleasant afternoon.

Those present besides the hostess were Mesdames Harry Hanson and A. B. Gardner, Misses Blanche and Lulu Minter, Esther Patterson, Helen Eubank, Myra Kirk.

Baracas Plan Concert

The Baraca class of the First Methodist church promise a very pleasing entertainment for Wednesday evening, Dec. 14, at Spurgeon's Hall.

Miss Edna Zyl Modie, of the California School of Artistic Whistling, of Los Angeles, has been secured as one of the features. Her specialty is said to be imitations of birds.

Rev. Mr. Murkett will give readings, and Mr. Gustlin, of the Conservatory of Music, will be heard in concert for the first time since his return from Europe. Particulars will be given later.

Woodmen Named Officers

The Modern Woodmen of America held their annual election of officers

last night. The officers elected are: G. E. Shriver, V. C.; M. A. Miller, advisor; H. Von Allmen, clerk; D. L. Warren, banker; H. H. Gillman, escort; T. P. Claycomb and J. I. Clark, physicians; J. N. Wagner, watchman; T. O. Sharp, secretary; E. V. Whitney, manager.

Three new members were added to the membership and two applications were received. A banquet was served at the close of the meeting, at which stories were told, speeches were made and a good time generally prevailed.

Primary-Junior Union

The Primary-Junior Union will meet Thursday afternoon at 2 o'clock at the First Presbyterian church.

Open Parlors

The Misses Wilson, who recently came here from Michigan, have opened toilet parlors at rooms 4 and 5 in the Central building, corner Third and Main. They employ the English and American systems, and use the Hudson hygienic hair dryer in which a current of warm air does the drying.

Electric apparatus, sterilized instruments, manufacture of their own hair tonics and toilet preparations to order, and the carrying of a full stock of hair goods, are among their specialties.

Farewell Party

Mrs. J. H. Newton was the guest of honor at the Trotters Club which was entertained by Mrs. Kate Bradford last night.

The evening was spent in games, after which light refreshments were served. Christmas decorations were used. Mrs. Newton was given a handsome gift by the club, the presentation being made by Mrs. I. H. Dawkins.

Mrs. Newton leaves Friday for a four months' stay in Sinaloa, Mexico. Those present were Mr. and Mrs. Geo. L. Wright, Mrs. S. J. Scally, Mr. and Mrs. McKinney, Mr. and Mrs. Ray Steadman, Mrs. Lilla Low, Mrs. S. H. Flowers, Mrs. A. H. Chapman, Mrs. I. P. Hutchins, Miss Lilla Newton, Miss Mabel Bird, Fay Wright.

Guild Bazaar and Supper

The Ladies' Guild held a successful dinner at noon, a bazaar this afternoon and this evening will serve a hot supper and continue the bazaar, besides presenting a program. The events are being held at G.A.R. Hall.

Coming Bazaar

The ladies of the First Congregational church are planning a Christmas bazaar to be held on December 17, at which fancy and useful articles will be sold. There will also be a sale of cooked foods, such as brown bread, salads and baked beans.

—Good musical program given by Episcopal ladies at G.A.R. Hall, December 7.

C. Y. Martin left this morning for Woodward, Okla., being called there by the serious illness of his mother.

**ASSEMBLYMAN BISHOP
IN DOUBTFUL COLUMN**

The Los Angeles Examiner has been making a poll of woman suffrage sentiment among the senators and assemblymen elect of Southern California. Among these is Hon. Clyde Bishop of Orange county who is classed as "doubtful" in the following paragraph: "Mr. Bishop refused to commit himself on the position he will take should the matter of granting the franchise to women in California come up for consideration at the next session."

"I have always felt, however," said Mr. Bishop, "that whenever the question of taxation of property is involved, and that property belongs to a female, she ought to have a voice; also, that she should have a voice in all school matters."

Masonic Notice

—Called meeting of Orange Chapter No. 73, R.A.M., Thursday, Dec. 8, for work in the past master's degree. By order of F. M. BRUNER, H. P. G. A. WHIDDEN, Sec'y.

It is the little items for their comfort that count with the ladies. For instance a nice, comfortable sewing rocker at from \$1.50 to \$7.50 would be acceptable to your wife. Horton Spurgeon Furniture Co.

—Special Sale of ladies' Suits at Gilberts.

Sweater Coats
Silk Handkerchiefs
Linen Handkerchiefs

A man appreciates most the gift that he can put to practical use—our Xmas gifts for men suit perfectly. No "Holiday" prices!

Vandermaast & Son

110 East Fourth St.

**NO PREACHING—JUST
STRAIGHT GOSPEL TALKS**

No preaching, just straight talks by plain fellows, is the nature of the evangelistic meetings that are being held at the Methodist church, South, under the auspices of the Young People's Christian Union. Young men from the Fishermen's Club of Los Angeles are the speakers. Last night Earl Olin led the audience in a series of lively choruses, in which the young people showed great enthusiasm. Following the song service a short, straight talk was delivered by Oscar Werner, tonight Elliot Barrett of the U. S. C. law school ball team, '08, will be at the bat, and Alton Pratt will lead the audience in original gospel melodies.

The informal afternoon Bible class, held in the church at 2:30 each day, is increasing daily in attendance. Oscar Werner takes the class this afternoon.

The young people are getting behind the meetings and will certainly do their part toward making them a success.

A large attendance and a truly good time are expected tonight. The meeting will open at 7:30 and close at 9: o'clock sharp.

Fine Horse for Garden Grove Butler & Kenah, the Garden Grove liverymen, have recently purchased of J. Crouch & Son of Sacramento, what is said to be the finest imported Hackney stallion ever brought to Southern California. Rosador, 9583, is the horse's registered title, and the proud owners are glad to show him at any and all times to visitors. This horse captured a gold medal at the state fair at Sacramento last September and holds other trophies.

Carl G. Strock

THE SANTA ANA JEWELER
2 East Fourth St., Santa Ana

Santa Ana is once more given the opportunity of hearing the world's most celebrated musical prodigy.

After tonight you may never have another opportunity to hear Pepito Arriola. There may never live another child-genius so remarkably gifted as he.

So we advise you to go, by all means, and hear the splendid concert which Pepito will give this evening at Spurgeon's Hall.

Tickets are priced from 50c to \$1. School and music students receive 50c seats for 35c, 75c seats for 50c, and \$1.00 seats for 75c.

Conservatory of Music, 204 1/2 East Fourth street. Phone Main 214.

PERSONALS

Dr. J. I. Clark was in attendance today at the meeting of the Southern California Public Health Association, of which he is secretary. The meeting was held at Hotel Hayward, and in the afternoon a joint meeting was held with the Southern California Medical Society.

Superintendent of Schools Cranston made a business trip to Los Angeles today.

Mr. and Mrs. Charles Kendall were morning visitors to Los Angeles.

Mrs. G. S. Briggs was a morning passenger on the electric to Los Angeles.

H. G. Dean made a business visit to the city this forenoon.

Mrs. W. G. Gould and Miss Elsie Wingood spent today in the Angel City.

Mr. and Mrs. R. S. Marple are spending a couple of days in Los Angeles, where they will visit the Sanborns, who are rooming at the Maryland for the month of December.

Mrs. C. Lutz went to Los Angeles this morning for a couple of days' visit with friends.

Mrs. F. P. Nickey was an all day visitor in Los Angeles.

Miss Velda Medlock was a Los Angeles visitor today.

Geo. W. Young went to Long Beach this morning to join his wife and children and to accompany them home the last of this week.

Mr. and Mrs. Fred Rafferty and Miss Dresser traveled to Los Angeles this morning.

A. J. Perkins is at home again after making a tour of the world.

Mr. and Mrs. C. R. Browning of San Jose have come to this section and will make their future home on the San Joaquin ranch, where F. R. Brownie, brother of the new arrival, is engaged.

Mr. and Mrs. Arthur Hoefler have returned from their wedding trip of almost two weeks' duration. They visited in Paso Robles and other Northern points, later going to various Southern California towns. They will remain at the Schildmeyer home until the new home they are building on Newport Road, Tustin, is completed. They will probably occupy it about the first of the year.

News has been received here that Mark Menges, who is attending dental school in Chicago, recently broke his leg, from accidentally stepping into a deep hole that was covered with snow. The accident will incapacitate him for school work for some time.

L. D. Mercereau is at home, accompanied by his family, they having returned from a month's visit in the East. They visited principally in New York and Ohio.

—DELINEATORS AND BUTTERICK PATTERNS FOR JANUARY HAVE ARRIVED AT REINHARD DEPT. STORE.

A health talk for women will be given in the Fraternal Brotherhood Hall, 212 1/2 West Fourth street, on Friday, December 9, at 2:30 p.m.

This lecture is given under the auspices of the Educational Dept. of the Los Angeles branch of the Y. W. C. A. It will be illustrated by a physiological chart.

A cordial invitation is given to the wives, mothers, and daughters of Santa Ana and vicinity to be present.

**WONDERFUL STOCK OF
CHRISTMAS
GOODS**

We want everybody in Santa Ana and in the entire country around it to know of our wonderful stock of Christmas goods.

Heretofore, during Christmas time we have displayed a wonderful selection of Xmas goods—our customers have always been satisfied with the variety of our selection, but this year in buying Christmas goods it was our idea to give our customers a selection such as they have never seen before in this town and we are glad to say that we have been successful. We have a stock which is really a surprise to ourselves. Numerous articles of every description are here at your disposal. Our advice is for you to buy early while we have a big selection on hand.

A complete announcement with full description of goods and prices will appear in this paper later.

Look for our advertisement this week.

OLD NEWPORT NEWS BUDGET

Mission Study Class Met at Schoolhouse With Miss Leadrich as Hostess

OLD NEWPORT, Dec. 6.—Mr. and Mrs. Miles Von Schrittz spent several days in Los Angeles last week.

Mr. and Mrs. J. D. Hunton have a new baby girl, therefore "Deb" is wearing a smile that won't come off.

The Mission Study Class met at the schoolhouse with Miss Mabel Leadrich as hostess. After the class hour games were played and refreshments of cake and fruit were served.

Friday evening the Epworth League held a social at the schoolhouse. An interesting program was given, including a debate by Mr. C. R. Hanna, Miss Wineland, Mrs. Durham and Philip McClintock.

Mrs. Fred Rabel of Highlands visited friends and relatives in the neighborhood, last week.

Mr. and Mrs. Youngling spent Saturday in Huntington Beach.

Mrs. Henry Marsh and son Lawrence are visiting Mrs. W. J. Harlin.

H. McFadden of Taft, Cal., is visiting his brother Ed. McFadden.

Mrs. John Devinney and Mrs. John Hicking of Bay City, and Miss Lois Devinney and Miss Elsie McGee of Los Angeles, visited Mrs. Will Devinney, Thursday.

Miss Ethyl Walton and Lewis Walton spent Sunday with Mr. and Mrs. Harley Caruthers of Santa Ana.

Miss Berta Armstrong, Ruth Armstrong, Will Armstrong and Mr. Dell Arbuthnot took dinner with Mrs. A. G. Adams Sunday.

Mr. and Mrs. R. H. Obarr were over from Talbert Friday and took part in the program of the social.

Oscar Durham and family of Fresno are visiting Mr. W. H. Durham.

Monday evening about thirty-four of the young folks went to pay their respects to Phil and Neal McClintock.

It was in the nature of a surprise party and after they routed Phil out of bed and helped Neal finish the churning, they played games. Refreshments of cake and cocoa were served.

Dr. H. M. Robertson, Physician and Surgeon, Office Cor. 3rd and Main, opposite City Hall. Both Phones.

INDIAN GIRLS MADE ESCAPE

While Officer Looked Out Window They Jumped From the Train at Fullerton

Two Indian girls, aged about 16, outwitted an officer of the Sherman Indian school yesterday. They escaped from him at Fullerton.

The girls, named Marie Homer and Viola Knight, left the Sherman school last Wednesday. They arrived here probably on Saturday, and were seen on the street by officers. At that time, however, local officers had not been informed of the departure of the girls, and had no description of them.

On Monday when descriptions arrived, the officers remembered seeing the girls. Monday night Officer Cervantes arrested the Indians on the street. They refused to say where they had been staying while here.

Yesterday morning the girls were turned over to Fred Long, an officer of the Indian school. Long took the 7:40 train from Santa Ana.

At Fullerton when the train stopped the girls went to the end of the car together, saying they wanted to get a drink. The car started just as one of the girls drew a glass of water.

At that second a passenger asked Long a question concerning some near-by tree, and Long looked out the window. When he had finished his conversation, he noticed that the Indian lassies were not within reach of his eagle eye. He immediately took the trail. He reached the vestibule door and found it locked. One of the girls had manipulated the catch. By the time Long had gotten the conductor to open the door, the train was three miles from Fullerton. The girls were not to be found on the steps, and Long very naturally concluded they had jumped off the train at Fullerton.

Long walked back to Fullerton, and again took up the trail. Inquiries proved that the runaways were headed south. The officers traced them to a point this side of Anaheim, and then concluded that the fugitives were on their way to Santa Ana. He was here last night.

FALLING HAIR

Easy to Stop It and Make It Lustrous and Beautiful

—If your hair is falling out; if you have dull, unattractive hair, or if you need a daily hair dressing, read what Mrs. Hettie Hodgman of Nelsonville, Erie county, Ohio, writes June 3, 1910 about Parisian Sage:

"I used Parisian Sage for falling hair and find it the finest thing I ever heard of. My hair was falling out by combs full, and I could run my fingers through it and they would hang full of loose hair. I washed my hair and got a bottle of Parisian Sage and used two applications, and I could see a great difference. My hair was lustrous and nice and had almost stopped falling out, and by the use of one more bottle it stopped altogether."

For women, for men or for children Parisian Sage is without any doubt the finest preparation for the hair. It is guaranteed by Rowley Drug Co. to stop hair from falling; to eradicate dandruff and stop itching scalp in two weeks, or money back. It is a most daintily perfumed hair dressing, free from grease or stickiness, and ought to be in every home where every member of the family could use it daily. Large bottle 50 cents at Rowley Drug Co. and druggists everywhere. The girl with the Auburn hair is on every package.

RAINS CAUSE WORK TO STOP ALL ALONG THE PANAMA CANAL

COLON, Dec. 7.—All work along the Panama canal has been halted temporarily by rains causing the river Chagres to overflow. The precipitation is unprecedented. The rain is still falling.

To Fraternal Aid Members —The 6:30 supper for Wednesday night is postponed. Election of officers and regular meeting will be held. D. N. KELLY, President.

WILSON-AMY — Robert N. Wilson, 23, and Josephine L. Amy, 27, both of Los Angeles, on Dec. 6, 1910.

FOR STUDYING LIFE OF SEA

Bulletin of U. S. C. Contains a Description of Marine Biological Station at Venice

The November issue of the Bulletin of the University of Southern California is devoted entirely to an announcement of the recently acquired Venice Marine Biological Station of the University. The station at Venice, Cal., is well equipped from the opening date, thanks to the generosity of the Abbott Kinney Co.

Realizing the wealth of life the Pacific ocean brings to our very door, this company, under the direction of Dr. Chas. Bentley, had constructed an aquarium of over forty large glass tanks, splendidly lighted. In these were placed a very complete display of the marine animal and plant life of Southern California. A museum and laboratories were constructed for students wishing to use these collections of living and preserved animals and plants. This entire equipment was generously placed at the disposal of U.S.C. by the Abbott Kinney Co., and its maintenance provided for. Thus the university is able to give its undivided attention to the educational side of the work. For the present the work of the station will consist of (1) an exhibition of the marine plants and animals of the region, open to the public and available to the lower division classes (freshmen and sophomores) of the university; (2) facilities for students of the upper division classes to carry on studies suited to their advancement; (3) investigation pursued by graduate students, members of the teaching staff, or by biologists from other institutions who may desire to carry on research at the station.

Prof. Albert B. Olney is director of the station, working in connection with an advisory board consisting of the following well-known citizens of Southern California. President Geo. F. Bovard, Ezra A. Healy, Abbott Kinney, Chas. S. Bentley, M. D., General M. H. Sherman, Wm. Spaulding, Geo. I. Cochran, Walter Lindley, M. D.

The Bulletin, descriptive of the marine station, is to be illustrated with ten half-tone cuts, and will make an interesting publication of the university.

—We do prescription lens grinding. Any broken lens duplicated within an hour's time. Dr. Leorch, 116 East Fourth street.

BEST METHODS OF KILLING GROUND SQUIRRELS DEALT WITH IN RECENT BULLETIN

The United States Department of Agriculture has issued a bulletin dated November 25, 1910, entitled "The California Ground Squirrel" by C. Hart Merriam. The bulletin is of particular interest in this county by reason of the fact that it contains some review and much of the conclusions and reports of S. E. Piper, of the Biological Survey, who worked for several weeks in the foothills of this county, particularly in the neighborhood of San Juan Capistrano, and on the Cleveland National Forest with Forest Ranger J. B. Stephenson.

The bulletin states that the ground squirrel is the most destructive of our native mammals, causing loss to agriculture of \$10,000,000 yearly, besides being a carrier and disseminator of bubonic plague. The squirrel that abounds in California in nearly all localities of Central California and along the coast counties of Southern California is known as the Beechey squirrel.

Paragraphs of the report deal with range, habitat and home, breeding, food, storing food, depredations, article of food, etc.

The bulletin says: "But the principal money loss attributed to ground squirrels results from their depredations on grain. They devour barley, wheat, and oats when the seed is first sown; they dig up and carry away the sprouting kernels; they invade the fields of ripening grain and feast upon it continuously until harvest time; and when it is cut and stacked they concentrate about the stacks and attack it vigorously, eating all they can and laboring tirelessly to carry the remainder to their underground storehouses. At a single stack near Jamesburg, in Monterey county, a few years ago 300 ground squirrels were caught in traps and many more poisoned; and in July, 1907, Vernon Bailey saw fully 200 about a barley stack at Capistrano, in Orange county. They climbed to the top of the stack and dragged down the grain until it formed a windrow

two or three feet high. At the same place two years later S. E. Piper counted 158 squirrels in sight at one time."

In places where ground squirrels are abundant over considerable areas the simplest, most effective, and least expensive way to destroy them is by the use of grain poisoned with strychnine.

Phosphorus and cyanide of potassium, owing to the great danger attending their use, are not recommended, especially since they are not more effective than strychnine.

In poisoning with strychnine, the grain recommended for bait is barley. Compared with wheat, it is usually more attractive to the squirrels and is far less likely to be eaten by birds.

There are two distinct methods of preparing the poisoned grain: (1) By soaking or boiling in the poison solution; (2) by coating with the poison solution. The Biological Survey, in extensive experiments in various parts of California conducted by S. E. Piper, has found that coating grain, except during the rainy season, yields far better results than soaked grain. The success of poisoning with coated grain is due largely to the squirrel's habit, during dry season, of gathering seeds and carrying them home in its cheek pouches. Piper made the important discovery that strychnine is far more quickly absorbed by the cheek pouches than by the stomach, and that one-fifth the quantity necessary to kill by the stomach will kill when taken into the pouches.

"An accompanying illustration (fig. 3) shows 115 dead ground squirrels picked up on a 6-acre field at Capistrano, Orange county, August 23, 1909, a few hours after putting out twenty pounds of barley coated with the starch-strychnine preparation. About 50 turkey buzzards gathered and gorged themselves on the dead squirrels, not one of which was left by the following night. The buzzards were not injured.

"It should be remembered that in these and all cases of strychnine poisoning the animals that die outside are only a part of those killed, for a much greater number die in their burrows and are never seen.

Preparing the Poison.

"Following is the formula perfected and recommended by the Biological Survey:

Starch-strychnine formula for coating grain:
Barley, clean grain, free from other seeds 20 quarts
Strychnia sulphate (ground or powdered) 1 ounce
Saccharine 1 teaspoonful
Gloss starch (ordinary laundry starch) ½ teacupful
Water 1½ pints
"Dissolve the starch in a little cold water and add 1½ pints of boiling water, making a rather thick solution. While hot, stir in the strychnine and mix until free from lumps; then add the saccharine and beat thoroughly. Now pour the poisoned starch over the barley and stir rapidly until the poison is evenly distributed; then allow the grain to dry. When dry it will keep indefinitely without deterioration.

"For ordinary quantities a galvanized-iron washtub is an excellent receptacle in which to mix the grain with the poisoned starch; but when large quantities are needed the mixing may be done in a water trough with a shovel and hoe.

Putting Out the Poison.

"The poisoned grain should be scattered (not placed in heaps) on clean hard places about the colonies—on the squirrel trails between the holes, along fences and roadsides, and in other places frequented by the squirrels. Poisoned grain falling in soft dust or in foxtail grass or other dense cover is wasted.

"Of the various baits experimented with in Southern California, green barley heads proved most irresistible to the squirrels. During June and July, 1909, they were used with marked success at Banning, in an area of 8,000 acres in and adjacent to the orchard district. Here the squirrels were feeding on green grain and green almonds and doing a vast amount of damage.

"In selecting barley heads for this purpose the grain should be in the paste or ripening stage, and the long heads should be snipped off with scissors. They should then be immersed in a solution made by dissolving one ounce of strychnia sulphate in a gallon of boiling water, to which a teaspoonful of saccharine has been added. When the solution is cool, as many trimmed barley heads should be put into it as the liquid will cover, and they should be allowed to soak for

Gifts That Please Boys and Girls

If you don't know what to give the boys and girls, just come in and inspect my stock. You will find hundreds of things that bring delight to the hearts of the children. We have everything in the line of good, clean sporting goods, as well as toys and useful gifts. We mention here a few of the many suggestions.

TWICE-TOLD TESTIMONY

Santa Ana People Are Doing All They
Can for Fellow Sufferers

—Santa Ana testimony has been published to prove the merit of Doan's Kidney Pills to others in Santa Ana who suffer from bad backs and kidney ills. Lest any sufferer doubt that the cures made by Doan's Kidney Pills are thorough and lasting, we produce confirmed proof—statements from Santa Ana people saying that the cures they told of years ago were permanent. Here's a Santa Ana case:

Mrs. J. Williams Sackman, 1076 W. Fourth St., Santa Ana, Cal., says: "In March, 1907, a relative vouched for the value of Doan's Kidney Pills, as was proven by their use in her case. At this time, two and a half years later, I can say that this party still holds a high opinion of Doan's Kidney Pills and always speaks in their favor when the opportunity occurs. Doan's Kidney Pills proved of wonderful benefit in this case, relieving pains in the back and restoring strength and energy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

NOTICE

Newport Beach, Cal., Dec. 2, 1910.

LA HABRA LINE, IT IS SAID, MAY REACH CORONA WITHIN 6 MONTHS

Probable Also That Pacific Electric Will Make Connection With Riverside Before Another Citrus Season Comes—Covina Line May Go to Pomona

Riverside Enterprise. Little by little the La Habra line of the Pacific Electric is being pushed east through territory now inaccessible by rail, on towards Corona, and it is confidently expected in that town that electric cars will be running there from Los Angeles by the Fourth of July.

If this expectation is realized, it is not at all improbable that before another citrus season rolls around connections will be made on through to Riverside, and the long expected electric line through to the great orange region of the interior will be a reality.

The recent change whereby the Southern Pacific becomes complete master of the Pacific Electric makes it more than ever certain that the La Habra line will be the one to be built to Riverside—if an electric line is ever built there—instead of the Covina line.

The reason for this is obvious. The

extension of the Covina line would open no new traffic to that road, but the continuation of the La Habra line would pass through territory now served only by the Santa Fe, and it would give the Southern Pacific a chance at the rich traffic of the Corona citrus district.

Several extensions have been made to this road since it was built from Los Nietos the past year. First it reached La Habra and gave the rich ranches of that valley transportation connection with the city and with other lines of railroad. Then it was pushed on by gradual stages through the Olinda oil fields to Yorba Linda, and it is said that contracts are now under way for another two-mile extension.

Depot Site Is Ready. It is now within about seventeen miles of Corona, and it is said that a site for an electric depot has already been obtained in that town.

The Riverside and Arlington elec-

tric system is operated by the Pacific Electric and went over to the Southern Pacific along with the other Huntington interurban electric lines. Its principal line, aside from the local lines in Riverside, runs down famous Magnolia avenue eight miles to Arlington. But the important point is that this system was granted a franchise a year or two ago for an extension on down Magnolia avenue to Corona, another eight miles.

By building the extension from Yorba Linda to Corona and the other extension from Arlington to Corona, the Pacific Electric could gather up the rich citrus and other traffic of La Habra valley and the Corona district, take it on into Riverside and there turn it over to the Southern Pacific.

Covina Line to Pomona. Whether the Covina line will be built any further is a problem. It was undoubtedly the plan of the Huntington interests to build it at least to Pomona, where the Pacific Electric is operating a little local line.

The Southern Pacific has two lines from Bassett to Pomona, one running by way of Puente and the other through Covina. The latter is used mostly for local traffic, and it is pointed out that it is only necessary to double track and electrify it this side of Pomona for a few miles to connect it with the Covina line of the Pacific Electric, which would give the electric cars easy access to Pomona without purchasing any new right of way or building any new line except for the double track.

BREAKS UP A COLD IN SEVERAL HOURS

An Effective Way to Cure a Bad Cold and End Grippe Misery

—There is not one grain of quinine in Pape's Cold Compound, which, when taken every two hours, until three consecutive doses are taken will surely end the grippe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, catarrhal affections, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world which will cure your cold or end grippe misery as promptly and without any other assistance or bad after effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

—Special Sale of Millinery now on at Gilberts.

—We do prescription lens grinding. Any broken lens duplicated within an hour's time. Dr. Leech, 116 East Fourth street.

MISS VIOLA HILL'S PORTO RICO LETTER

Santa Ana Girl Writes of the Strange Sights in One of Uncle Sam's Possessions

The following letter, dated at San Juan, Porto Rico, Nov. 14, and written by Miss Viola Hill, who recently went as a missionary teacher to the point from which she writes, will prove interesting to those who did not hear it read last Sunday before the First Baptist Sunday school to the members of which it is addressed:

"Since leaving home six weeks ago I have thought of all of you many, many times and wished you could be with me, not only to keep me from being homesick, but that you, too, might see the strange things I have seen here in Porto Rico.

"I arrived here about 4 o'clock the afternoon of Oct. 27th. The sun was so hot, and the ocean a bright blue as we came nearer to land. As we came into San Juan harbor, at our right was Leper's Island, and beyond, the main island. At our left on the extreme point of land stood old Morro Castle—grey, crumbling and silent, except for the breakers of the Atlantic splashing at its base. This was built in 1537 by the Spanish and we realized we were coming to an old and once hard ruled land. Just back of the castle were the white government buildings, with a big United States flag above them. We were glad to see that.

Beyond and below was the city with little native boats and tall lumber schooners at and around the docks. The city of San Juan is built on about 80 acres with seven streets one way and thirteen the other. The streets are hardly twenty feet wide, lined with flat-roofed white, blue or green buildings. In the lower parts of these buildings are open stores and above are rooms where people live. All the rooms have high ceilings and balconies at every window. Here and there are situated plazas which, except in the middle of the day, are swarming with people. The streets are crowded too, and so are all the buildings for in this small city are over 35,000 people.

The Baptists have one little church of about fifty members, and about that same number in the Sunday school. The church building is quite nice and the native pastor is splendid. At Rio Piedras, about six or seven miles inland, there is another Baptist church about the same size, and between the two are two mission Sunday schools. Miss Rice and I are anxious to get to work in these places for this is our field, and we will as soon as we can speak the Spanish language.

In San Juan one or two other Protestant churches have missions, and there is one big Catholic church, but in the other places mentioned our is the only Protestant work. Do you think I am needed here? I do."

1000 men will give 1000 housewives 1000 Hoosier Kitchen cabinets for Christmas and if you would search 1000 years you could not find 1000 ladies more pleased. Sold exclusively by Horton-Spurgeon Furniture Co.

J. W. Shaul, M. D., eye, ear, nose and throat. Glasses fitted. 110 1/2 East Fourth St., Santa Ana. Both Phones.

Clothing and Harberdashery THE LOGICAL GIFTS FOR MEN

SANTA FE ADDS TWO MORE TRAINS

Santa Ana and Orange County Points to Have Better Daily Service

The Santa Fe has made announcement of various changes in its time card, some of which are particularly interesting to Santa Ana, and other Orange county points, as the principal changes will be between Los Angeles and Fullerton, Anaheim, Orange and Santa Ana. Since the opening of the cutoff via Fullerton, the last three towns have not had as good service as formerly when all trains ran via Orange. Two new trains in each direction will be put on between Los Angeles and these towns. The first of these will leave Los Angeles at 9:30 a.m., run to Santa Ana, and will return here, arriving at 11:50 a.m. The second will leave at 5:15 in the evening to accommodate the business men and laborers who live out of town. A train will leave Santa Ana at 7:10 a.m., and for the accommodation of school children will arrive in Los Angeles at 8:20. All these trains will make local stops.

50 CENTS PER MONTH

NIGHT WATCH
FOR SAFETYFullerton School Authorities
Will Take No Chances of
Further Harm

FULLERTON, Dec. 6.—The trustees will take no more chances on having a school building burn down, having employed W. E. Morgan as night watchman permanently. As it is generally believed the building was burned by an enemy and as a new

\$20,000 polytechnic building has just been completed, the trustees will protect the property.

Mr. Shaller is building a \$1600 cottage in block 43 and P. Lapier is also erecting a \$1500 cottage on Whiting avenue.

There is some talk of changing the name of the local chamber to the Fullerton-Placentia Chamber of Commerce.

Lemuel Ormsby has returned from Arizona after an absence of three years. He has been at the head of the Fraternal Brotherhood in that Western district.

The charter for the new Placentia National Bank is expected in a few days. It will be capitalized at \$50,000. C. C. Chapman, Wm. Crowther, A. Pierotti, A. S. Bradford and others will be stockholders. A number of new buildings are going up in and around the new townsite.

METHODISTS
IN REVIVALGarden Grove Church Has Be-
gun Series of Special Meet-
ings—News Notes

GARDEN GROVE, Dec. 6.—Revival meetings were begun at the Methodist church last evening with a large audience. These meetings are being conducted by Mr. and Mrs. Ireland.

A very able speaker, Mr. Willisford, of Minnesota, addressed the Baptist congregation last Sunday, and will be the speaker next Sunday.

Miss Kate McKeen, who has been visiting relatives and friends in Los Angeles, returned to the home of her sister, Mrs. H. C. Powell, on Monday of this week.

Mr. Gilbert, who lives northeast of town, is quite sick with typhoid fever. S. Penfold is among the sick ones this week.

Mr. Kesner is installing a new electric pumping plant on his 20 acres northeast of town.

Mr. Arrowsmith's new house on the east side of the Home tract is progressing rapidly.

Mrs. Frank Mills was a business visitor to Los Angeles on Monday.

H. C. Powell has been ailing for the past week with a severe case of the grippe.

Mrs. D. Cozad is in Redondo staying with her daughter, who is very sick.

A surprise party was given on Monday evening at the home of Mrs. Torrey for Alvin. About twenty of his school-

mates were present and a very pleasant evening was spent. Cake and punch were served.

Mr. and Mrs. Jenkins and their married daughter, of St. Louis, have moved onto the Himmelman place, which they recently purchased.

Mrs. Jewell is quite sick with the grippe.

Mrs. Jackson, who has been very sick for some time, is gradually improving.

Mr. Hannahan, who has been living in the Schlesinger house, sold out his furniture yesterday and will move his family back to Los Angeles.

Mr. P. M. German received the sad news of the death of his father in Canada last week.

The infant daughter of Mr. and Mrs. Sawyer died last Sunday. She was seven weeks old and weighed 1½ pounds at birth.

Miss Etta Adams and Margaret Donaldson spent several days last week with relatives in Los Angeles.

Miss Mary Fry, who has had a position at Yuma for the last five months, has returned on account of the failing health of her father.

Mrs. E. Beardsley, who has been quite sick with the grippe for the last ten days, is improving.

Mrs. Forrey will move with her family to Los Angeles tomorrow.

Mrs. Lewis and her son-in-law and family of Corona, moved onto the place they bought of Mrs. Reed in the summer, just east of town.

Frank Lewis and family have moved into the Mills place which has just been vacated by N. Carmichael last week.

Next Sunday will be the annual election of Sunday school officers at the Latter Day Saints church.

The Seventh Day Adventists are improving their church property by turning the present building around and using it for a schoolroom and building an addition for church purposes. The new building will cost \$500 or more.

Mrs. W. B. Harper entertained the Auld Lang Syne club on Thursday afternoon. The affair was an informal one, the ladies chattered merrily over by-gone days, while they fashioned fancy articles. Later a collation of fruit salad and cake was served. Those present were Mesdames Sarah New-some of Rivera, Emma Wassum and Mable Lovel of Santa Ana, Lettie Seaman of Los Angeles, Mina New-some, Lydia Mitchell and Grace Finn of Garden Grove, and Miss Percy Head of Santa Ana.

500 CARLOADS
TO BE USEDAnaheim Sugar Co. Plant to be
Fifty-four Feet High—
Cost \$800,000

ANAHEIM, Dec. 6.—The Santa Fe has completed the construction of a branch line into the grounds of the Anaheim Sugar Company's factory.

Three hundred carloads of brick will be among the first shipments received at the grounds. This will be followed by 100 carloads of structural steel and machinery, and will be received as soon as the same can be placed in the buildings. Of cement, crushed rock and other material there will be 100 carloads, or a total of 500 cars to be received in the immediate future.

The walls of the office building are nearly up to the second story, and carpenters and finishers are engaged in preparing the building for occupancy. The structure will be used as an office for the construction force.

A force of carpenters and other mechanics are busy constructing the forms for the foundation walls of the main building, which will be 60x240. Excavations have been dug, and cement and crushed rock will be applied probably next week. The foundation walls are in places 4½ feet thick and will rise well above the ground level. The building will be four stories high, the first story being 17 feet.

Alongside the main building will be the annex, 46x300 feet.

The factory buildings will cost \$500,000, and will be the largest building enterprise in the history of Orange county. It will have a capacity of 600 tons of beets daily, and already 6000 acres have been contracted for to be delivered next season. For the season of 1912 the capacity will be increased to 1200 tons of beets daily, and 12,000 acres of beets will be contracted for.

—Don't forget the ladies' Suit Sale now on at Gilberts.

Dean
SaysWhat Will
You Give?

What will you give for Christmas? Gifts you must make—and there's a wondrous advantage in giving gifts sure of appreciation. Our big stocks of Holiday Gift Goods are now in and we are ready to show you something of extra class and in magnificent assortment suitable as gifts to father and mother, sister and brother, to lover or sweetheart or to friends. Toilet Sets

bought by us under a special arrangement, and to be sold at about the price other stores charge for Plated Goods.

There is no gift in the world which a fastidious woman appreciates as she does a Toilet Set. And these uncommonly rich and distinctive designs are of a class that few dressing tables can boast.

If you are particularly anxious to make a Holiday remembrance that will fully reflect your own good taste, let us show you these heavy sets of Como, Brush, and French plate, beveled Mirror, attractively boxed.

DYSPEPSIA

"Having taken your wonderful 'Cascarets' for three months and being entirely cured of stomach catarrh and dyspepsia, I think a word of praise is due to 'Cascarets' for their wonderful composition. I have taken numerous other so-called remedies but without avail, and I find that Cascarets relieve more in a day than all the others I have taken would in a year."

OBITUARY

Thursday morning at 11:15 o'clock Horace Dean Woodward passed from this life, he had been ill about ten days, but his death was somewhat unexpected.

He was born in Paulet, Vermont, April 6th, 1838, moved with his parents to Illinois when about 16 years of age. Later he moved to Kansas, his parents following him, who still make their home there.

Mr. Woodward returned to Illinois and made his home there for many years. Failing health brought him to California about 21 years ago, to find a home in a sunny clime. He resided at Rialto and San Bernardino several years, and there the only son, Willie, died eleven years ago.

He leaves a devoted wife and two daughters, Mrs. Lillian Hopkins of Los Angeles, and Mrs. Ida Taylor of Santa Ana, three little grandsons, four sisters and a brother living in Kansas.

He was an earnest member of the Christian church, and a Mason of high degree, having served as eminent commander of Bethel Commandery No. 36, Knights Templar, at Elgin, Ill., many years.

The funeral was held Saturday morning at 10 o'clock, Rev. Roadhouse officiating. He was laid to rest in the Santa Ana Cemetery.

State of Ohio, City of Toledo, Lucas County—ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FINEST GRADE OF TOBACCO

Yorba Field Shows Excellent
Grade of Product—No
Longer Experiment

Anaheim Plain Dealer: Something new is continually coming up in Anaheim territory to add to the great wealth of its annual products. The latest addition, and perhaps one of the most important in recent years, is contributed by Yorba, now one of the oldest settlements in the state, but still up and coming with the stride and vigor of youth.

Yorba's contribution of the immediate present is tobacco. Nor is it just tobacco. No, it is the finest grade of tobacco grown in the United States, and experts say the finest in

THE IMPORTANCE OF

Pure Milk

This is a matter to which high authorities throughout the land have been giving much attention. Pure food commissions, health officers and many philanthropic citizens are devoting much time and money to the betterment of conditions in the milk supply.

Santa Ana people have, fortunately, no need for worry along this line. No more sanitary or better conducted dairy exists than the model one here at home. Come out any day and see for yourself.

**Santa Ana Jersey Farm
Company**
J. T. RAITT, Manager

the world with the exception of the mother plant from which it comes and which is grown to the best advantage, so far, in Armenia. It is from it that the Turkish cigarette is made, commanding the highest price paid for cigarettes, with the exception of the price paid for some varieties of the Egyptian cigarette, made from tobacco grown in the valley of the Nile, and almost the equal, in the estimation of connoisseurs, of the leaf produced in Armenia.

Yorba's first year's crop is now in the big tobacco barn erected toward the end of the season by the interests which have furthered the tobacco growing experiment on Yorba's rolling foothills in the soil which appealed to them as so nearly like that of favored sections of tobacco growing Armenia that they had no doubt but that in combination with the excellent climatic conditions of Yorba they would be able to approach the results obtained from tobacco culture in Armenia.

Well, the results which were obtained make it unfair to refer to the crop as in the experimental class any longer, so far as Yorba is concerned. The cutting during last month and the curing so far accomplished removes doubt as to future success of the crop there. At least that is the way everybody connected with the new enterprise feels about it.

How much tobacco there is in the barn; what the yield to the acre and other facts connected with the new industry have not as yet been figured out accurately for publication. But it can be said that there is general satisfaction with the results of the season and that there will be a larger acreage next year than was attempted in for seed for the next season.

It is said that from a pound of the damp cured tobacco now in the warehouse 2000 cigarettes can be made. And it is the purpose to have Armenians make up the crop on this coast. Later there may be a great Turkish cigarette factory at Yorba, or possibly in this city, but the plans of the tobacco growing company have not yet advanced that far. Armenian labor was largely employed during the past season in bringing the crop through. Also it was employed in the curing work, and the result is said to conform with the best that might be secured in the native land of this particular grade of tobacco. Meantime the Yorba people are learning all about it, both in the fields and in the curing house. It will not be long until they will be able to handle the business themselves.

The company which brought about the first season's trial of Turkish tobacco on Yorba lands is composed of Los Angeles, San Francisco and east-

ern capitalists. They gave lands in the San Joaquin valley a trial also this year, but it is said that while success was attained the results at Yorba were much more satisfactory. Behind the company is an abundance of means with which to carry out all plans they may formulate.

Notice of Assessment

—Santa Ana Investment Company. Location of principal place of business, Santa Ana, California.

Notice is hereby given that at a regular meeting of the Board of Directors, held on the 15th day of November, 1910, an assessment of one and a half cents a share was levied upon the subscribed capital stock of the corporation, payable immediately in Gold Coin of the United States, to the secretary of said company, at its office, No. 315 North Main street in the City of Santa Ana, California.

Any stock upon which this assessment shall remain unpaid on the 20th day of December, 1910, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Friday, the 20th day of January, 1911, to pay the delinquent assessment, together with the cost of advertising and expenses of sale.

By order of Board of Directors.
W. B. WETHERBEE, Secretary.
Office—No. 315 North Main street, Santa Ana, California.

Notice to Creditors

Estate of Happy Nay, deceased. Notice is hereby given by the undersigned Geo. Nay administrator of the estate of Happy Nay, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit the same with the necessary vouchers, within four months after the first publication of this notice (which publication was first made on the 16th day of November, 1910), to the said administrator of said estate at the office of his attorney, S. M. Davis, District Attorney's office in the County Court House in the City of Santa Ana, County of Orange, State of California, the same being the place of business of said estate.

Dated this 15th day of November, A. D. 1910.

GEO. NAY, Administrator.
S. M. DAVIS,
Attorney for Administrator.

Remember the date, Saturday morning, 10:15 Dec. 10, Santa Ana. We invite the people throughout the county to be here and view this novel parade. Visit Sebastian's Saturday and greet old Santa Claus.

SEBASTIAN'S 306 E. 5th

North Pole, Nov. 23, 1910.
To Sebastian's Store, 306 East Fourth St., Santa Ana, Cal.

Dear Mr. Sebastian:—I am now ready to start on my holiday trip and will reach your store Saturday morning, Dec. 10th, with a fine lot of Christmas things for the people of your county. I never had a finer collection of toys for the boys and girls. You will be glad to see the splendid Dolls, Wagons, Mechanical Toys, Building Blocks, Games, etc., and many other things, which I have not time to write about now. I am not forgetting the older folks either. My work shops have turned out some beautiful gifts in the way of fancy Dishes, Vases, Post Card Albums, Leather Hand Bags, etc.

By the way, I expect to bring a big load of that famous Red Band Candy which you can sell at 20c per pound. You will be surprised to learn I am coming in on the Southern Pacific. Train will arrive Saturday morning, Dec. 10th, at 10:15 a. m. I am bound to be up-to-date. Be sure and invite everybody to Sebastian's next Saturday to see what I have brought.

"SANTA CLAUS."

The above letter was received at Sebastian's store DEC. 6th. Inasmuch as Santa Claus has chosen our store as his headquarters, we want to give him a rousing reception on his arrival in Santa Ana. Every child in Orange county is invited to meet him at the S. P. depot Saturday, Dec. 10th, 10:15 a. m. train and join the grand Santa Claus Parade which will leave the depot as soon as the train arrives. Santa Claus will lead the procession in an automobile and we will have plenty of conveyances for the children, who wish to participate in the parade. Each child will be presented with a horn (and we want them to blow it). When the parade is over Santa Claus will hold a reception at his headquarters, Sebastian's Store. To each child registering his or her name and address will be given a nice souvenir.

THE MARKETS

DAILY CITRUS REPORT OF EASTERN MARKET

NEW YORK, Dec. 7.—Four cars of navel oranges sold. Market lower. Showing: Navel oranges, 1.85; Valencia oranges, 1.85; Watchman, T. C. C. Ex. 2.15

LOS ANGELES PRODUCE MARKET

Local dealers yesterday morning awakened to the fact that they have been jobbed in their purchases of dates. Because of the heavy demand, these dealers were unable to obtain a sufficient supply of this fruit from the New York jobbers, and ordered through San Francisco agents for delivery as soon as possible. A little more than a week ago a tramp steamer bound from the Mediterranean to San Francisco was wrecked, and it was on this that the San Francisco dealers blamed the loss of a very large cargo of dates. It has just transpired that there were very few dates included in the cargo of the vessel and that the advance of 1/2 cent, which was at once made by the San Francisco dealers, was made under subterfuge. Local dealers are holding on to their original contracts and will demand dates at the contract price. Local farm dates were quoted at 11 to 12 cents; golden dates were selling up to 9 cents on fancy package stock. Other similar fruits, particularly raisins and figs, are selling well.

Egg prices were down. Case count sold at 42 cents, and candled at 46 cents a dozen. This came in face of the fact that only forty-eight cases of eggs were received. The reason given is lower market in San Francisco.

Butter arrivals were 28,419 pounds. The call for butter was fair, particularly in the second grades, which are always in good call for baking purposes.

Receipts of cheese was 4104 pounds. The demand for cheese was only fair. Loughorn storage, paid up to ate, sold in a jobbing way at 18 1/2 cents. Eastern twins and northern fresh were the other good sellers.

Potatoes continued very firm. Receipts were 1890 sacks. Offerings were chiefly Salinas, Lompoc and highland spuds. The first Oregon are expected in this week.

Onion arrivals were very light and the market was firm. Nevada onions were the best sellers of the morning. Bean receipts totaled 400 sacks. The demand for beans was fair in pinks and Lady Washingtons. Sweet potato receipts were only twenty-seven sacks, and the market was up fractionally, most dealers asking \$2 and over a hundred.

Citrus fruits continue to ease off in quotations. Tangerines are moving from \$1.50 to \$1.75 per box, and are not in very good call at even those low figures. Oranges are selling at \$2.25. There are very few Valencias arriving and the season is practically over on them. Lemons are down to \$3 per box on packed stock.

Vegetables were all pretty firm, with trading only normal in volume. There were no heavy receipts of garden truck. Cabbage sold at 50 to 75 cents a sack. Beans brought 5 to 6 cents, and peas 2 cents higher. Celery sold from \$1.75 to \$2.25.

—My new office is with J. N. Trickey & Co., corner Fourth and Broadway. Either phone 68. C. R. Trickey.

SOUTHERN PACIFIC RAILROAD IS BOOMING NORTHERN CITRUS FAIR

The Publicity Committee of the Southern Pacific Railroad Company has taken up the Northern California Citrus Fair in connection with the convention of the Western Fruit Jobbers' Association with great enthusiasm. Appropriately designed posters will be prepared and distributed, not only in various parts of California and Oregon, but the various agents throughout the East have been advised of the expected fair, and they will be instructed to properly advertise it.

In addition to this, the secretary of the association, Mr. C. B. Wilmarth, is sending out 3500 pieces of mail

every week to the various delegates that are expected to attend, each week some new idea being urged upon them to attend the fair.

Returns have been received from eastern places showing enthusiasm at the way in which the proposed convention is being advertised, and assuring a large attendance. Some very

clever stunts have been used in this work, one of the neatest being a pretty girl leaning out of the dome of the Capitol building and shaking hands with our distant eastern friend, giving him a welcome to the city, and another very neat feature being a blotter upon which is printed a huge key, which is entitled, "A Key to the City of Sacramento," and other appropriate wording, and the flange portion of the key is very neatly worked into a resemblance of the Capitol dome.

The follow-up system in use among these delegates cannot help to bring a very large attendance.

At the convention a year ago in Denver, when a fight for this year's convention was made, St. Louis made a bid and rather laughed at the California delegation's efforts to take the convention such a long distance, but the desire of the easterner for an excuse to come to California came to the aid of the energetic little California delegation, and Sacramento won out.

CITRUS INDUSTRY NOW GIVES GREATER PROMISE THAN EVER HAS BEFORE

If anyone has noticed a golden smile creeping over the oranges of Southern California during the past week it is because Prof. Ralph E. Smith, in charge of the University of California Plant Pathological Laboratory and Citrus Experiment stations, has returned to Southern California. Prof. Smith is credited with a vast service for the citrus industry of the Land of Sunshine—perhaps more than any other one man. His books on the subject are referred to as authority.

For six months Prof. Smith has been absent on a unique mission. He has been making an investigation of the damage done by smelter fumes from the Amalgamated Copper Company's plant at Anaconda, Mont. He was snowbound for a week at that task just before returning to take up his work of making the California orange the most perfect and stable crop in the world.

That is one of the objects of Prof. Smith's work—to so understand and deal with the diseases and pests of orange and lemon trees that the ranchman will be able to guard against all of them, and be insured of a regular and standard crop of fruit every year.

"I am convinced," said he at his plant laboratory in Whittier the other day, "that the citrus industry of Southern California has great possibilities of growth before it. There may have been some talk about over-production, but that is becoming more and more impossible. As a matter of fact, I doubt if production is increasing very much, so many orange groves are being cut up in the neighborhood of growing cities and towns.

"If we can put the orange crop on a safer basis by protecting the ranchman against failure in any season we can do a great deal toward developing the citrus growing industry. A large demand could not be built up so long as there was one year of plenty and another of failure. The superiority of California fruit has been thoroughly demonstrated in the markets of the entire country, and there is little danger of competition.

"I believe there is room for the new districts that are being started in Southern California. Especially are there some locations where an earlier orange can be produced, and the lengthening of the season will increase the general consumption. I should consider the planting of a young orange grove under the right

conditions of soil and climate as good an investment today as it has ever been and it is probably a safer one."

Christmas Goods at G. A. Edgars

This year we have a much larger stock than we have ever before carried

—OF—

Cut Glass and China

In China Dinner Ware we carry thirteen open stock patterns from either of which you can select a set of any desired number of pieces. We also have all the special sets and single odd pieces in a variety of designs.

Our stock of Cut Glass is easily the most complete to be found in Santa Ana and includes pieces of all kinds.

China for Children

Something new in our china for the young folks is our Mother Goose series. The ware is genuine imported china decorated with six different subjects from Mother Goose: Jack and Jill, Little Miss Muffit, Little Bo-Peep, Little Boy Blue, Jack and the Bean Stalk, and Little Jack Horner. There are all kinds of pieces for children beautifully decorated with the above subjects—plates, mugs, mush and milk sets, pitchers, candlesticks, etc.

Don't miss seeing our line of Christmas China.
